Is it spiky?

This slide features a collage of images. At the top left is a world map with red spikes of varying heights. To its right is a photograph of a man in a suit, likely Richard Florida, with his hands raised as if speaking. Below these are several book covers, including 'Who's Your City?' by Richard Florida and 'The Flight Creative Class' by Richard Florida. The 'R' logo for Rotman is also visible.

Or is it Open?

This slide features a collage of images. At the top right is a cartoon illustration of a woman holding a globe. Below this is a screenshot of 'The MIT Press' website showing a search bar and navigation links. To the right is the book cover for 'Opening Up Education: The Collective Advancement of Education through Open Technology, Open Content, and Open Knowledge' by Tom Iisotalo and M.S. Vign Kaur.

It is very open!

(May 2011, Norway & June 2011 the Philippines)

This slide features a collage of photographs. The top row shows two men in suits raising their hands in a celebratory gesture. The bottom row shows a large conference room with many people seated at tables, and a group of people in a public square holding up their phones.

This slide features a collage of images. At the top is a screenshot of a USA Today article titled 'Apps make college easier to access'. Below this is a close-up photo of a hand holding an iPhone. To the right are photos of students in a classroom setting, some looking at their phones and others at a laptop.

Question:

What is the Web?

- An entertainment system?
- A writing aid?
- A communications system?
- A means to handle commercial transaction?
- A social networking device?

=====

No, it is a learning tool!

This slide features a list of questions about the web. Below the list is a horizontal line of equals signs. At the bottom is a small photograph of a large crowd of people at an event.

Answer: The Web of Learning

The Web of Learning

Today we have the Web 2.0

We are entering a jumping off point...

I'm an Armchair Indiana Jones...

Perhaps people learning online are akin to the alien archaeologists in the 2008 movie, *Indiana Jones and the Kingdom of the Crystal Skull*, Indy said, "Their treasure wasn't gold, it was knowledge. Knowledge was their treasure."

Decisions for this Open Ed World...

- **Technology & Administrator Decisions:**
 - What do to about OER, open sources, E-books, mobile, etc.?
- **Instructional Designer & Trainer decisions:**
 - Act as Concierge, Counselor, Course facilitator, Credit manager?
- **Formal Learner & Informal Lrnr decisions:**
 - Should I attend traditional university or create your own degree path?
 - How to report use of OER on resumes?

- This book is an attempt to reveal a wide range of learning options in front of you while also offering you a framework to make sense of them. As the Grail Knight said in the 1989 movie, *Indiana Jones and the Last Crusade*, "choose wisely." If you do, WE-ALL-LEARN. The world is now open to you!
